TSV Privacy Policy

Teeafit Sound & Vision believes strongly in upholding the privacy of those who come into contact with its activities. Details will never be passed on to a third party without first seeking the permission of the second party. In particular, details will never be passed on to marketing companies and similar.

Data is held electronically for the following purposes:

- **Personal and business contacts**, and associated correspondence
- **Customers for TSV's DVDs**. These customers may be emailed with news of future DVD releases, and associated newsletters. Previously this list was operated on an opt-out basis, but is now regularised as opt-in. Subscribers can opt-out at any time.
- **Talks**. Details of bookings, venues, contacts. These organisations may be emailed with news of new talks.
- **Moorsholm Show**. TSV administers the Show on behalf of Moorsholm Memorial Hall. Data collected includes names, sex, child/adult and village residency — these details are needed to permit calculation of certain trophies. Results are placed on the Memorial Hall website for a year. The Show schedule states that this is a condition of entry.

If you have any queries, please contact the data holder, Graeme Aldous, at South Lane Farm, Moorsholm, SALTBURN, Yorkshire TS12 3JE
